CHANGES TO YOUR PLAN

Provider Network Change

Effective **March 1st, 2023**, your Provider Network will be migrating from First Health to Blue Cross Blue Shield of Arizona. We believe that the expanded network, high quality services, coupled with lower costs, will provide an immediate benefit to you and your family. You are encouraged to review our website or call us to see how this change will impact your health benefit plan. This migration will not change your health benefits in any way. You can expect to receive new member ID cards that will reflect this change prior to March 1st.

Important. Refer to your plan documents for details of your health benefit plan. If you are currently receiving ongoing care from a First Health provider, we want to ensure that your health care is not interrupted during the transition. We encourage you to contact us if you have questions regarding this modification. Contact the plan administrator at:
