

# Price Transparency Matters

Prices for the same procedure can vary greatly based on who you see and where the procedure is performed. For example, consider the price range for these common procedures:

## Knee Replacement:

Price range:

**\$14,990 to \$42,365**

## MRI:

Price range:

**\$550 to \$3,402**

## Colonoscopy:

Price range:

**\$1,500 to \$2,500**

Using our price transparency tool (accessed via the member portal) can greatly lower your out-of-pocket costs.

# New Member Checklist

- 1 Create Your Member Account**   
Visit our website and click "Log In" to create your member account.
- 2 Enroll In the Steps Incentive Program**   
Simply sync your Garmin or preferred pedometer device to your member account.
- 3 Receive Free Prescription Assessment**   
Contact a Prescription Benefit Specialist (844-234-4472) to determine if you're eligible.
- 4 Become a Healthcare Consumer**   
Before receiving a planned medical procedure, contact a Personal Health Assistant (844) 234-4472. They will explore options, identify savings and assist you in finding high-value providers.

## Your New Health Plan Has Two Parts:

1 Health Insurance

2 Health Savings Account

844-234-4472 • [MotivHealth.com](https://www.MotivHealth.com)

# 1 Health Insurance

Health insurance is a partnership that helps you pay for health care expenses. It protects you and your dependents from paying the full cost of medical expenses when you're injured, sick, or need surgery.

# 2 Health Savings Account

A Health Savings Account (HSA) is a personal savings account that allows you to set aside pre-tax money for qualified healthcare expenses. All funds contributed are yours to keep and any unused funds roll over from year to year.

### Advantages of An HSA-Based Health Plan:

-  Lower monthly premiums
-  Save for future medical expenses
-  Personal ownership
-  Pay for medical expenses tax-free
-  No "use it or lose it" policy

## Use Your Plan

Utilize your new health plan for any of the following:

-  Preventive Services Covered 100%
-  Routine/Major Medical Care
-  Doctor & Specialist Visits
-  Prescription Drugs
-  Hospital Stays

## Save For The Future

Contribute to your HSA for future medical expenses.

-  In 2024, you may contribute up to \$4,150/year for single coverage, or \$8,300/year for family coverage.  
After age 55, you can make a \$1,000 catch-up contribution.
-  Invest your MHPA funds over \$2k and enjoy tax-free interest. Advisors suggest a 401(k), but HSAs can serve as an even better retirement vehicle.

## Incentives

MotivHealth Insurance provides several ways for you to earn HSA dollars:

### Steps Incentive

Walk 8,000 or more steps up to 20 days a month, and earn \$250 per year. Call today to get a free MotivTrax Device.

### Best Care Best Price

Call us before your next planned procedure and we'll do all we can to help you save.

### Price Transparency

Use our Procedure Search Tool to compare costs of doctors, procedures, and facilities.

### Prescription Assistance

Get a free analysis to see how you can save. Just call (385) 247-1030.
