SmartPay

Save significantly on
planned procedures
when you call us
in advance.

How to Save on Procedures

1

Call Us

Call our Personal Health Assistants (PHAs) prior to scheduling a planned medical procedure.

2

Look for SmartPay Options

Some planned procedures have additional savings potential. Look for the green “SmartPay” icon.

3

Choose Care

Choose a preferred high-quality provider. High cost ≠ high quality.

4

Get Care

Receive the medical care you need.

Price Transparency

You deserve to know the cost of care before receiving it.

MotivHealth offers a valuable **Search Tool**. Simply click “Provider Search” in your member portal and search for your procedure.

Call us at **855-582-4472** before your next planned procedure, and we'll help you find the **best care** at the **best price**. Time to start saving!
